Reading at this time. The clerk will record.

CLERK: 33 ayes, 1 nay, to raise the Call.

PRESIDENT: The Call is raised. Read the tally on the original motion, then.

CLERK: 20 ayes, 23 nays.

PRESIDENT: 20 ayes, 23 nays. The motion is lost.

CLERK: Mr. President, unanimous consent to place LB 256 581, 582, 583 on General File for May 16th. Signed, Senator Carpenter.

PRESIDENT: The chair recognizes Senator Carpenter.

SENATOR CARPENTER: These bills are the capital expenditure bill and other supplementary bills. We've only got ten days left and, obviously, the capital expenditures contain a lot of money, not only as they are now but as others, including myself, would like to expand them and spread the expansion of the obligation over a period of years rather than the next fiscal year and this will give this body, if it so desires, a time to get adjusted and to get the information because the bills are printed and beyond that to get amendments to the extent you might desire to accomplish what you have in mind, insofar as capital expenditure is concerned.

PRESIDENT: The chair recognizes Senator Luedtke, then Senator Goodrich.

SENATOR DUEDTKE: Mr. President, I would object only to this extent that I've already gained unanimous consent to have 26..563 ahead of it and would this put them after that? Then, I withdraw my objection. It would follow 563 then. OK.

PRESIDENT: Are there objections to Senator Carpenter's motion, unanimous consent motion. Are there objections to it. All right, Senator Goodrich.

SENATOR SYAS: No, but I'd like to ask a question of Senator Marvel before I do or do not object.

PRESIDENT: Senator Syas. Just a minute, Senator Syas. Just a minute, you don't have the floor. Senator Goodrich. I am sorry. See I haven't known what issue you wanted to speak on, Senator Syas, and so...

SENATOR SYAS: It's relative to this, I have to ask...

PRESIDENT: Well, I had no way of knowing that.

SENATOR SYAS: I said for the time being I'll object so I can ask him a question.

PRESIDENT: Go ahead. All right.

SENATOR SYAS: Senator Marvel, the motion is Wednesday. Now I am not going...I am not going to fight Wednesday but if you are ready ahead of that, I think we would be better off to have ahead of that. Are you ready ahead of Wednesday? After all, we haven't too much time and if we could take these up tomorrow or Monday, or something like that, we might save any last minute snag of a bill getting over to Final Reading that has a mistake in it which has happened before and we will adjourn without doing anything. Are you ready, in other words, ahead of Wednesday.
